CONGRATULATIONS

I am indeed proud of all my Principals & teachers for the efforts made by them to help students clear boards exams with flying colors. The overall result of Region is 94.57 % with a significant improvement of 4.87% compared to last year.

I appreciate endeavours of all for achieving new academics heights with dauntless efforts in pursuing the goal by conducting study camps, reaching to the parents at schools as well as home, guiding students to clear doubts and strengthening them emotionally.

'Regional Level Help-line' launched by the RO also contributed significantly in helping the students with their course material as well as making them emotionally strong to face the exams without stress and anxiety.

The Region can do wonders if this sort of team work is continued. You gave up all your free time, vacation and family time towards getting this plausible result.

To the Assistant Commissioners who so devotedly went to each study centre, motivated students & teachers, gave them tips for preparing & writing exam from their vast experience, I salute them. The foundation of my work at R.O stands on their unstinted support at all times.

I also praise my office staff in Admin & Accounts for all suggestions regarding arrangement of study camps.

Keep it up Ahmedabad.

(A P BHALLA)

DEPUTY COMMISSIONER
